Backlog

As a user I need to be able to view a list of and the quantity of items

As a user I need to be able to add remove and modify the set of items

As a user I'd like to be able to view the other people in my virtual apartment

As a user I want to be able to view a list of the current inventory in my apartment

As a user I want the ability to request items and bill the other members of my apartment

As a user I want to be reminded of things when we're out

This week's tasks

As a user I need to be able to authenticate

☒ 0/2

As a user I want to be able to create a virtual apartment

☒ 0/2

As a user I'd like to be able to invite my roommates to a virtual apartment

Get familiar with Android

In Progress (Should also exist as Github issue with feature branch, please link in card)

Gather user stories
